

Women's Health Nurse Practitioner Program

Provide Specialized Women's Health Care Throughout the Life Span

Georgetown University School of Nursing's (GUSON) online Women's Health Nurse Practitioner (WHNP) program prepares you to provide primary and reproductive care to women throughout the life span.

Gain advanced clinical reasoning and decision-making skills during HD-streaming, **live online classes**, informed by interactive content and unfolding case studies.

At **on-campus intensives** (OCI), practice interviewing and assessing with standardized patients and genitourinary teaching associates (GUTA), and develop specialized skills such as pelvic exams and gynecologic procedures, through high-fidelity simulation.

Care for women's gynecological and obstetrical needs through **clinical placement experiences** supported by expert preceptors, clinical faculty advisors, and course faculty.

You will receive dedicated support and resources throughout the program, which include:

- GUSON faculty, many of whom are fellows in their specialty, who foster your professional growth and development
- Clinical placement specialists and advisors who partner with you to secure clinical sites
- Access to Georgetown library resources, student services, and the Hoya alumni network

WHNP graduates are eligible to sit for the Women's Health Care Nurse Practitioner board certification exam offered by the National Certification Corporation (NCC). The following reflects first-time pass rates of MS in Nursing students who graduated in 2017.¹

WHNP graduates are eligible to sit for the Women's Health Care Nurse Practitioner board certification exam offered by the National Certification Corporation (NCC). The following reflects first-time pass rates of MS in Nursing students who graduated in 2019.¹

100% NCC Pass Rate

¹ For reference, the national pass rate for the [2019 NCC certification](#) was 91%.

Multiple Pathways for Learning and Career Growth

GUSON offers the online WHNP specialization through the **Master of Science degree in Nursing, Doctor of Nursing Practice (BSN to DNP)**, and **Post-Graduate Certificate** programs.

Nursing@Georgetown helps you meet your individual professional goals by providing clinical and didactic preparation for careers that span the health sciences and promote health equity around the globe. Visit our website to learn more at online.nursing.georgetown.edu.

Admissions Requirements

Eligible candidates for the master's-level WHNP program must:

- Be a U.S. citizen or permanent resident
- Have a Bachelor of Science in Nursing (BSN) or Clinical Nurse Leader (CNL) entry-level Master of Science in Nursing degree from a CCNE- or ACEN-accredited program
- Hold a current U.S. registered nurse (RN) license
- Have a minimum 3.0 cumulative GPA and a 3.0 science GPA
- Have successfully completed (C or better) a college-level, three-credit course in statistics within the past five years

Your application will include:

- Professional resume or curriculum vitae
- Sealed official academic transcripts
- A one- to two-page personal statement
- A live recorded interview
- Three letters of recommendation
- The Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS) if your native language is not English.

Deadlines for Admission

The Master of Science degree in Nursing program has multiple cohorts starting throughout the year. Georgetown University accepts applications on a rolling basis up to the final application deadline for each cohort.

Learn more about application deadlines and admissions requirements for each program at online.nursing.georgetown.edu/admissions.
