

## Tuition Planning Worksheet for Online Psychology @ Pepperdine Programs Winter 2024 Admits

This sheet details your anticipated tuition costs, indirect costs and financial aid based on your program of study. We encourage you to review this thoroughly. The tuition rate for 2023-2024 is **\$1,875/unit**. The cost per unit and cost of attendance is based on the 2023-2024 academic year. Please note that the tuition rate and cost of attendance are anticipated to change every academic year.

Completion of the program requires a minimum number of units depending on your selected program, and will take more than 1 year. This tuition sheet is meant to be an estimate for the remainder of the 2023-2024 financial aid year: Winter 2024 and Spring 2024. Therefore, the estimate of costs and financial aid provided below is not an estimate for the completion of your selected program; students will self-enroll and their completion will be at their own pace.

### Federal Financial Aid Loan Information

Most students who file a FAFSA (Free Application for Federal Student Aid) are eligible to receive federal direct unsubsidized loan funding annually. The maximum loan amount you can borrow per aid year is \$20,500. This loan does not require a credit check. This amount is split evenly between the terms of enrollment. Please see estimates on the following page.

#### 6 Units per Term

Year 1	Units	Estimated Tuition Costs	-	\$20,500 Federal Direct Unsubsidized Loan with 1.057% Origination Fee	=	Estimated Balance
Winter	6	\$11,250	-	\$10,142	=	\$1,108
Spring	6	\$11,250	-	\$10,142	=	\$1,108
Total	12	\$22,500	-	\$20,284	=	\$2,216

#### 9 Units per Term

### Subsequent Aid Years

In year 2, when the financial aid year renews, your Federal Stafford Unsubsidized loan will be split equally between Summer, Fall, Winter, and Spring, resulting in approximately \$5,071 per term after the loan fee. Please see the estimates below:

Subsequent Years	Units	Estimated Tuition Costs *	-	\$20,500 Federal Stafford Unsubsidized Loan with 1.057% Origination Fee	=	Estimated Balance
Summer	6	\$11,250	-	\$5,071	=	\$6,179
Fall	6	\$11,250	-	\$5,071	=	\$6,179
Winter	6	\$11,250	-	\$5,071	=	\$6,179
Spring	6	\$11,250	-	\$5,071	=	\$6,179
<b>Total</b>	<b>24</b>	<b>\$45,000</b>	<b>-</b>	<b>\$20,284</b>	<b>=</b>	<b>\$24,716</b>

*\*The cost/unit is anticipated to increase every subsequent academic year and is subject to an annual increase of 4-6% as determined by Pepperdine University's Board of Regents. Hence, your actual tuition for subsequent years will vary from the estimated tuition above.*

If you are unable to pay the estimated balances out-of-pocket or you need additional loan funding to cover your costs (tuition and/or living expenses), Federal Graduate Plus loan funding and Private educational loans are additional loan options that require credit approval. To utilize financial funds to cover these costs, students may borrow Federal Student Loans or private loans up to these totals, provided they are approved. You may also request revisions to the loan amounts offered to accommodate your actual expenses each term by contacting our office.

Should you borrow loan funding up to the cost of attendance (COA), you may submit a Budget Increase Request to increase your COA if you will incur expenses beyond the budget limits for the expenses noted below:

- Computer Purchase (Once per academic program)
- Books exceeding the amount included in the student budget
- Child care
- Disability
- Course-Related Travel
- Course-Related Trip

These budget increases are reviewed on a case-by-case basis, proof of purchase is required, and they are subject to Federal and Pepperdine University policies. Additional financial aid in the form of institutional grants or scholarships will not be provided to meet approved additional expenses. If approved, the increase in your COA will be funded by additional Federal Direct or private loans. Please contact our office via e-mail at [gsepfaid@pepperdine.edu](mailto:gsepfaid@pepperdine.edu) for requirements and additional information.
