Prepare for a leadership role in the growing field of applied behavior analysis

Gain the skills you need for certification

BehaviorAnalysis@Simmons, the online Master of Science in Behavior Analysis degree from Simmons University, helps you to make a real difference in others' lives. Launched in 2016, the online program has expanded the reach of our renowned Boston campus program — offering students across the country the chance to earn their Master of Science in Behavior Analysis degree from Simmons University.

Each component of the program prepares you to meet the necessary coursework requirements for certification as a Board Certified Behavior Analyst® (BCBA®). Our rigorous, practice-based curriculum is verified by the Association for Behavior Analysis International (ABAI) to meet the degree requirements for the BCBA® exam.

Why choose BehaviorAnalysis@Simmons?

Our program is designed for working professionals who want to earn a master's degree in applied behavior analysis online.

- ABAI-verified curriculum (Verified Course Sequence)
- Live classes held weekly via webcam
- Earn your master's degree in as few as 20 months
- Practicum courses develop clinical and research skills
- Small classes with approximately 20 or fewer students
- No GRE required to apply

20+

Years of being leaders in the field of behavior analysis

"We base our program on the broad field of behavior analysis. We cover both applied and experimental areas in a way that is more in depth than other programs."

— Ronald Allen, PhD, BCBA-D, Professor of Practice, Simmons University

Actively participate in your learning

BehaviorAnalysis@Simmons is designed to facilitate real-world connections by allowing you to **learn face to face with classmates and Simmons' expert faculty.** The platform makes it easy to engage in discussions to ensure you are mastering key behavior analytic concepts and applications. Outside of class, coursework can be completed any time throughout each week, allowing you to adapt your studies to your busy schedule.

Online learning experience at a glance

As a student of our online program, you will:

- Interact face to face with classmates and faculty weekly via webcam
- Learn in a small class setting with approximately 20 or fewer students
- Complete coursework that is accessible 24/7
- Meet with professors one-on-one during online office hours

No GRE scores are required to apply.

If the admission committee needs additional information to review an application, you may be asked to participate in an interview with the committee.
